

# RESEARCH AND DEVELOPMENT

The Research and Development cell of Sri Bharathi Arts and College is one of the endeavors to promote the quality of education and research among faculty members. The College has a research committee to nurture research culture by promoting research in newly emerging and challenging frontier areas of Science and arts department to create awareness and opportunity in Research & Development among faculties. It enables an amiable atmosphere for scientific development and monitors the research activities of the college.

The R&D cell aims to achieve the vision and mission of the college and developing a scientific temper. The publication statistics, citations and obtaining patents and priorities of the cell. It undertakes various initiatives such as promoting faculty members for writing proposals to government and agencies for projects, conducting skills and development programme for students based on innovation and building inter-disciplinary research activities.

## VISION AND MISSION:

- ❖ To create environment among the staff members to take up Research opportunities announced by different academic, research, industry or government organizations
- ❖ To assist for applying the projects offered by agencies such as ICSSR,UGC and getting funds for conducting seminar/Workshop/FDP on research related issues and intellectual property rights
- ❖ To create an organization structure with role based functions of RDC. Formulate Research Policy for the HEIs, identify thrust areas of research and form related groups and teams of researchers.
- ❖ To develop an Institutional Research Information System for sharing the status of ongoing / completed research projects, programmes etc.,
- ❖ To engage & utilize the services of superannuated active faculty/scientists in research capacity building of talented young minds and promote mobility of researchers across institutions and R&D Labs.
